OUR THEME

Beginning with the dedication of this book to our school's "Prof.", we have attempted to carry through as a theme music—for in this his soul is wrapped. The tremendous scope of the subject we have narrowed to his field in the school—the band.

SENIOR CLASS SPONSORS

ISABELLE ALLEGREE

Miss Allegree, you came to our school—a stranger—to begin your far from self-imposed task of sponsoring our group of "hopefuls-for-'38". You have put your powers, ideas, and services at our command. For us and with us you have burned the proverbial midnight oil that this—our latest caprice—might be a success.

For these and many other things, Miss Allegree, we sincerely thank you.

C. DUDLEY BENNETT

Mr. Bennett's sincere interest in student activities won for him, soon after his arrival in '35, the general esteem of the student body.

Courteous, full of fun—which continually bubbles out in contagious laughter, he is as willing to decorate for dances as to help solve class perplexities. His is a personality any class might be proud to own in a sponsor.

CLASS HISTORY

Early in the fall of 1925, we began to "tune-up" for a concert which was to last twelve years. We thought that that was going to be a long time for a concert to last, but time has proven that it was all too short. We entered the John Kerr School to the tune of a simple, soft, sweet nursery rhyme. There we made the first of our probably life-long friendships. That in itself is enough to make us want to remember it all our lives.

As the orchestra changed its tempo to a march, we suddenly found ourselves removed from the placid life at John Kerr to the amazing activity which so constitutes a part of the life at Handley. For three years we remained in the elementary corridors—scornfully looked upon by the junior and senior high school as "elementary brats." However, as the orchestra changed its tempo once again, we found ourselves waltzing merrily into the junior- and in turn the senior-high school. In the tenth grade we organized our class and elected our class officers and sponsors. Our only seemingly important duty to our upperclassmen was to provide material for the seniors' bonfire. We were in the eleventh grade before the orchestra expanded into a "wee bit of swing". We gave our first dance and also our first play entitled "The Red Lamp". To say they were both a success is to put it mildly—very mildly. The orchestra turned again to the march when we, as juniors, escorted the seniors to their class-day exercises.

Now we are seniors. Our wonderful concert is nearing an end—only the last few measures remaining to be played. No longer may we turn to one another for the harmony which has been ours for the past twelve years. The time has come for our solos.

JANET LARGENT, *Class Historian*

CLASS WILL

KNOW YE ALL MEN BY THESE PRESENTS, that we, the class of "38", the greater part being of sound minds and in a disposing mood, do declare this to be our last will and testament—hereby revoking all other wills and codicils by us at any time heretofore made. We will and now bequeath:

To the class now known as Juniors, our titles as Seniors, the run of the school building, and the privilege of making up any deficits by us incurred.

To the student body, directions for the abolishment of that annoying device known as the tardy bell and the right to declare all absences null and void—thereby making the whole school eligible for the much-coveted Washington Outing.

To the boys, front row tickets for that delightful episode of the pageant—the Arabian Dance.

To Mr. Sybert and his Lead Beaters, hope that he will see fit hereafter to use clay in fashioning his works of art—thereby lengthening the lives of the eardrums of those in the classes over him.

To the movie goers of Handley, a set of disguises to be worn to save them embarrassment when meeting members of the faculty at the local cinema houses.

To Mr. Hale, the suggestion that he make an extensive tour of the homes of all Handley science students—past and present. We believe that he will be enabled—with the equipment he finds—to run his lab for several years to come without additional fees and that he may have enough left over to start a branch lab on the roof.

To our loyal advertisers, the hope that at least their ads in the HANDLIAN will not drive away any business.

To Mrs. Barr, a volume control mechanism to be used to keep her voice tuned down to a roar while rehearsing the pageant.

To the future senior boys, the timely advice of Mr. Browning on important matters and the precedent that it be largely ignored.

To Mrs. Rhodes, a new clock which leisurely runs 15 minutes off in ½ hour. We think that this fixture will increase appreciably the typing speeds of the commercial students.

To Mr. Hale, an iron-clad meter-stick to be used in beating facts into the heads of future science students and the privilege of using the nearest table top for a preliminary warming-up.

To Mr. Yates, the job as caretaker of the bowling alley and tile, indoor swimming pool under the building. He is also authorized to take anyone not knowing of these refinements on a conducted tour.

For the grave of our class president the following loving inscription:

Heine takes his eternal snooze—
Finally having blown his FOOZE

For the building a new roof guarantee. It is hoped that the succeeding classes will supply the roof.

To the undergraduate classes, the creation of an assorted collection of passing grades to be held in trust until the classes attain their Senior majority. They shall then be divided share and share alike.

To Mr. Joyce, a large clock to be installed in a prominent place in his room. This fixture will lengthen both his class periods and the life of his much-handled watch.

To Mlle Laughton, in accord with her wishes, a third year French class and a gross or two of assorted French-English dictionaries with which to teach it.

To Mr. Bennett, a well-earned rest 'mid the Democrats of Danville.

To Mr. Flenner, the night watchman, a diploma declaring him a graduate of Handley High School, Night School Dept.

If any heir or heirs should break or alter this will, or if the right of these bequests is violated in any way, that part of the estate shall be reverted to the estate to be divided between the Elementary and Primary Departments.

IN WITNESS WHEREOF, we, the class of "38", do hereby set our hands and seal, this eighth day of June, in the year of our Lord, nineteen hundred thirty-eight.

SIGNED: THE SENIOR CLASS

Signed, sealed, published, and declared as and for, the last will of the Class of "38", who sign and execute the same in our presence, both of us being present at the same time and at their request and in the presence of each other do hereby subscribe our names as witnesses to said will and hereby certify that the said testators are of sound and disposing minds.

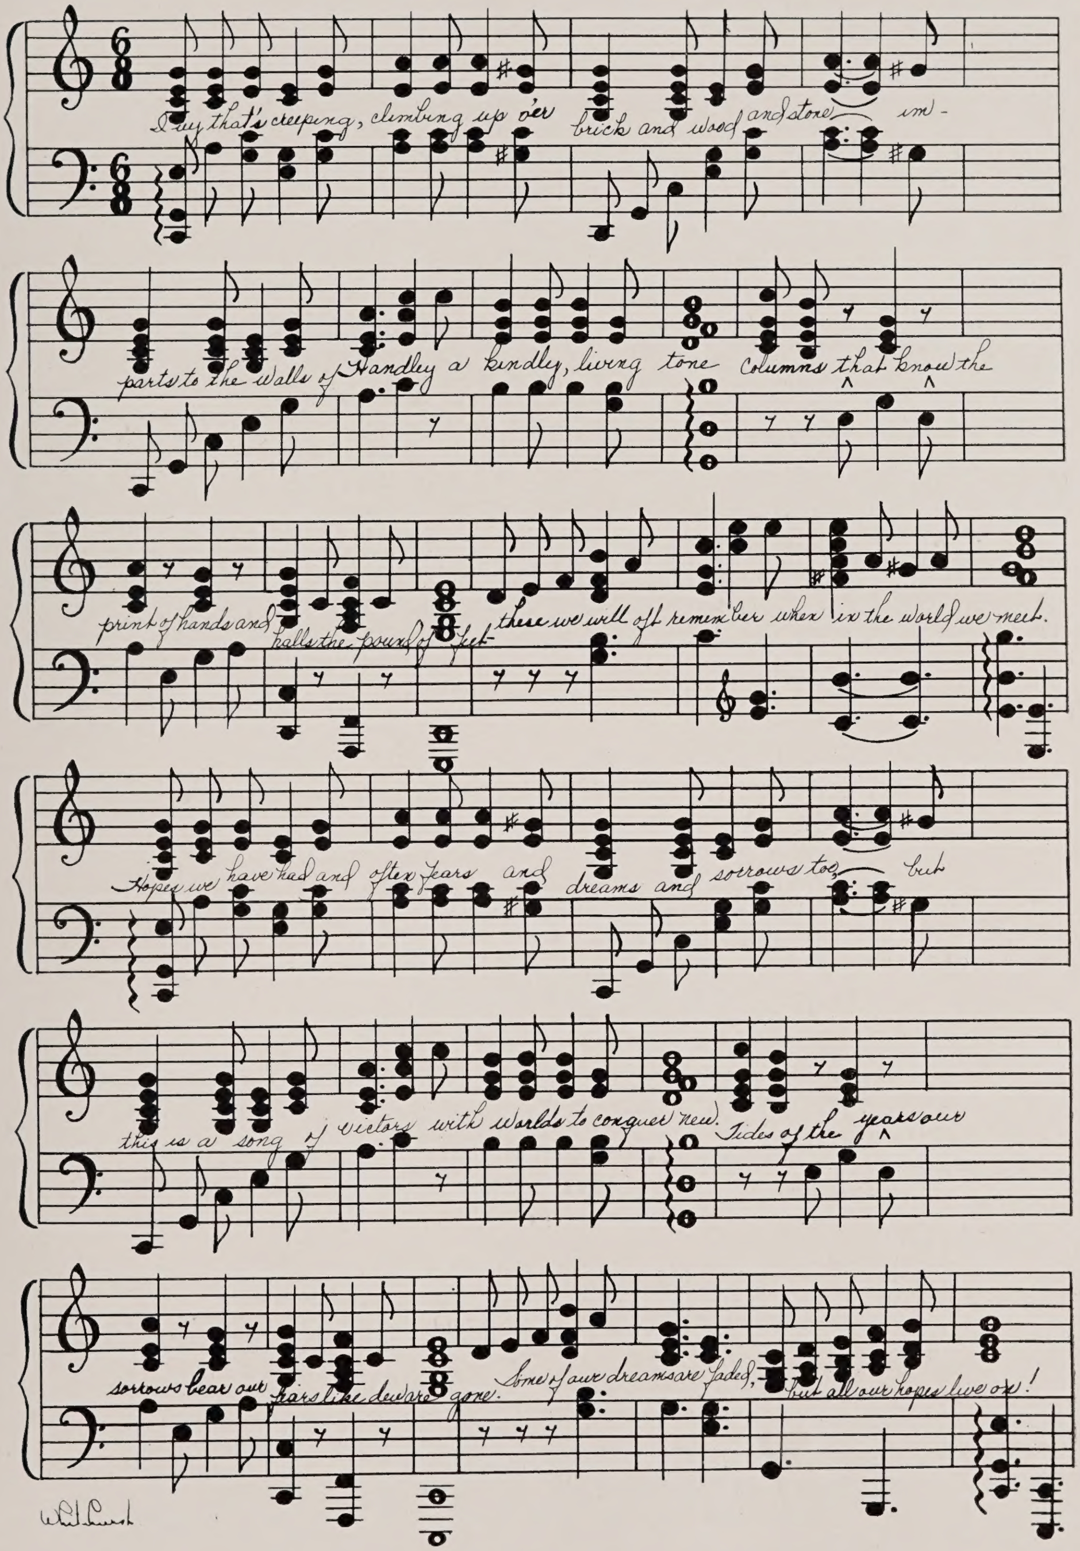
CLASS POEM

When days are long and night time slowly comes
And air is sweet with blooming roses' breath,
When in the stillness comes a pause like death—
Leaves quiver and nightin-gales their music hum,
Then I—of schooldays' happy lot bereft—
Erect to long-forgotten days a tomb,
And, in my heart, as one in secret views
The still remembered face of lovèd dead,
I see the school where friendships' vows were made,
And smile at pals who have through years been true.
Ah, yes! How like young birds we swiftly flew,
Loving our freedom, yet a bit afraid.
And deep within our hearts will always lie
Precious memories of Handley High.

THELMA SPICER

CLASS SONG



Ivy that's creeping, climbing up o'er brick and wood and stone im-
parts to the walls of Handley a kindly, living tone Columns that know the
print of hands and halls the pound of feet these we will oft remember when in the world we meet.
Hopes we have had and often fears and dreams and sorrows too, but
this is a song of victors with worlds to conquer new. Tides of the years our
sorrows bear our fears like dew are gone. Some of our dreams are faded, but all our hopes live on!

EXECUTIVE COUNCIL

It is a hope of the faculty and student body of Handley High School that sometime in the not-too-far-distant future the school government will be entirely in the hands of the students. It is toward this goal that the Executive Council is now striving, for it is gradually taking over different phases of supervision.

MISS HAYNES, OUR DIRECTOR

Miss Gwendolyn Haynes, before she came to Handley, attended the University of Louisville, Kentucky, where she received her B.M.Ed. Degree; the Louisville Conservatory of Music, Stetson University, and Chicago University. She taught at Murray State Teachers' College and at Mount Sterling, both in Kentucky, then at Daytona Beach, Florida.

We have been given a new love of music through Miss Haynes. Her sense of humor has helped us overcome our self-consciousness, and now we sing! Even the monotones shriek with a will!

JUNIOR EVENING STAR

Every Monday there appears in the evening paper the Junior Evening Star—sponsored by the Booster Club. A new editor is chosen at the beginning of every month, and the other members contribute material for the paper.

The articles this year were outstanding both in quality and quantity. Many excellent articles were published—giving proof of the existence of much journalistic talent among the contributors. This section usually occupies the greater part of a page in the newspaper.

THE CHRISTMAS CONCERT

At Christmas time against a background of gilded organ pipes and cathedral candles, the fourth, fifth, sixth grades, and the High School Glee Club presented a sacred concert of Christmas music. The harmony of the voices and the manner in which the musical selections were rendered gave evidence not only of intensive practice but also of Miss Haynes' peculiar ability as an interpreter and director.

CONGRATULATIONS

You can, with fond recollection and cherished memories, look back over the years of toil . . . years of conscientious work that helped make your graduation possible.

During this period, we have been constantly alert to see that electric light and power has always been available—to make your undergraduate day a little more pleasant and comfortable.

As you go on through life we hope that you will be forever mindful of the labor-saving convenience that electrical appliances provide. In your home, at the store and factory make full use of dependable electric service. Today it's good business to be efficient and progressive.
